The remedy suggested does not apply to villages where the Village Sanitation Rules are not in force. The number of such villages are many and special legislation appears necessary for these villages unless Govt direct the extension of the Rules to all the villages in the State.

7) I understand the Regn & the Rules they are applicable to all villages — but that to put them in operation they have only to be published locally in accordance with Rule 1 of Sec. I of the Rules.

8) It is not known what provision is made in the Local Self Govt Scheme for the Sanitation of Village areas — & perhaps the making may be deferred until the Scheme is published.

Sir,

In reply to your letter No. J 1060 Legis. 54-16 -1 dated the 13th. Instant, I have the honor to state that there appears to me to be no reason to presume that unwholesome ragi is put on the market to such an extent as to justify special legislation being introduced to regulate the construction of ragi pits. So far as I am aware, the mode of construction of ragi pits, as at present adopted, leaves little to be desired; and if occasionally unwholesome ragi should happen to find its way into the market the existing rules empower the sanitary authority to seize it and prevent its sale - so far as regulation municipalities are concerned. In the case of villages, paragraph 2 of Sec. V. of the rules under the Village Sanitation Regulation may be slightly amended so as to include unwholesome food-grains in the list of articles prohibited to be sold.

I have the honor to be,
Sir,
Your most obedient servant,

T V Arumugum
